

Quality Suppliers of Gade Float Valves & Knox Air Fittings since 1940

## Series 1000 Float Valve

**Gadren Series 1000 Float Valve**  
Inexpensive all brass float valve for lighter duty applications and still provides reliable level control.

With reduced maximum working pressure than our Gade Line float valve it still offers unrestricted flow for maximum flow to meet the needs of many applications.

These float valves are constructed of brass with aluminum rods and polystyrene floats for cold-water service up to 180°

- Swimming pools
- Landscape ponds
- Animal watering troughs
- Fountains
- Steam cleaners

Valve Size	Float rod size	Float Diameter	Maximum Pressures
1/2"	1/8" NPT X 12"	4x5"	50 PSI
3/4"	1/8" NPT X 16"	4x5"	45 PSI
1"	1/8" NPT X 18"	4x5"	45 PSI
1 1/4"	1/8" NPT X 24"	5"	45 PSI
1 1/2"	1/4" NPT X 18"	8"	45 PSI
2"	3/8" NPT X 30"	8"	40 PSI
